● ABOUT ME

Firas Mourad, received his Physiotherapy degree from the University of Brescia. He was awarded an International PhD degree with full marks with honours in Ciencias de la Salud from the Universidad Rey Juan Carlos. Since this time, he has cultivated his physiotherapy knowledge and practice in the field of orthopaedics, sports and research. He completed an extensive Musculoskeletal Physiotherapy program granting his status of Orthopedic Manipulative Physical Therapist (Full IFOMPT) from the University of Genova. Moreover, he gained a Post-Graduate Diploma in Sport and Exercise Medicine from the Ulster University in Belfast, a Post-Graduate Certificate in systematic review and meta-analysis (Full Cochrane) from the University of Modena and Reggio Emilia, and a Master of Science (Laurea Magistrale) in Health Sciences at the University of Milano. He has completed several distinguished certifications including dry needling, spinal manipulation, and vestibular management. Dr Mourad was a Senior Instructor for the Spinal Manipulation Institute, Dry Needling Institute, and American Academy of Manipulative Therapy until 2020. In the same year, he founded HDEMY an International Institute for CPD courses for Health Professionals. He is the cervical module coordinator and lecturer in the IFOMPT Post-Graduate master's degree at the La Sapienza University of Rome. Moreover, he was a guest lecturer and adjunct faculty for numerous physiotherapy programs and conferences throughout the world. He is the former IFOMPT Member Organization delegate for Italy and the Vice-President of the Italian Musculoskeletal Physiotherapy Group. Dr Mourad has published original experimental research, clinical trials, case reports, observational studies, editorials, and reviews in internationally recognized peer-reviewed journals. Dr Mourad boasts of more than 15 years of experience in managing Clinics and of clinical practice in the musculoskeletal field being a reference for patients and colleagues from all over Italy. He was the owner and director of the outpatient clinic Poliambulatorio Physio Power where he treats an array of challenging musculoskeletal patients on a full-time basis. He is a community leader, educator, and mentor to many physiotherapists and inspires to motivate others in his passion for physiotherapy. Currently, he joins LUNEX University as Assistant Professor and Program Leader of the Master Program in the Health Department.
